**AMENDMENT AND RESPONSE**

Sir:

In response to the Office Action mailed April 15, 2003, please amend and reconsider the above-identified application as follows:

**Double Patenting** argument begins of page 2 of this paper.

**Amendments to the Specification** begins on page 3 of this paper.

**Amendments to the Claims** are reflected in the listing of claims which begins on page 4 of this paper.

**Remarks/Arguments** begin on page 10 of this paper.

## Double Patenting

The Examiner rejects Claims 25-36 and 39-41 under the double patenting of Claims 1-4 of U.S. Patent No. 6,356,450 since the claims, if allowed, would extend the "right to exclude" already granted in the patent.

*The applicants have included in this response a terminal disclaimer. Thus, the applicants believe that the Examiners double patenting rejection has been overcome.*
